A Safe Haven for Newborns – First Telethon

By: Nick Silverio, Founder A Safe Haven for Newborns

✖ March 2, 2021 – On March 20, 2021 at 7PM, A Safe Haven for Newborns will hold its first telethon hosted by Emmy-nominated, multimedia journalist and CBS4 News co-anchor, Lauren Pastrana. The telethon will be live-streamed and will be rebroadcast on television and radio. We would like to invite you to tune in for this one-hour event that will touch your heart.

The Gloria M. Silverio Foundation, 501 (c) 3 – A Safe Haven for Newborns, was created in 2001 in response to the tragedy

of newborn abandonment in Florida. We support distressed pregnant girls and women from all walks of life in their moment of crisis as they make decisions that are in the best interest of their baby and themselves. We are a member of GuideStar®, an organization that gathers and distributes information on nonprofits and were featured on CNN, EWTN and People Magazine.

The telethon will enable A Safe Haven for Newborns to continue its life-saving mission. We provide help and guidance; such as referrals to counseling agencies, shelters, parenting, health-related issues, basic necessities, adoption, or confidentially placing the newborn in a safe haven location. The lifeline of a Safe Haven for Newborns is our 24/7 multilingual, confidential helpline.

Everyone is assisted. We do not charge for any of our services.

We hope you tune in on March 20th, 2021 at 7pm; for more information about the work being carried out and the life-changing support we offer, please visit our webpage at www.asafehavenfornewborns.com. We will send you the link invitation soon. Please ask your friends, business associates, and family members to join the telethon and for them to share it as well. Hoping you will join us on Saturday, March 20th.

We are the voice for these vulnerable, precious children. We believed from the beginning, if we saved only one life, all of our efforts would truly be worthwhile.

South Florida Hospital News and Healthcare Report's number one goal is top quality healthcare journalism written and edited for the region's most successful, powerful healthcare business executives and professionals.
