CALLING ALL SMALL PALM BEACH COUNTY NONPROFITS: Apply today for a Quantum in the Community grant and share in \$750,000!

Applications opened June 4 for grassroots nonprofits in Palm Beach County to receive their share of \$750,000. Thanks to Quantum Foundation, this year marks the 8th annual Quantum in the Community initiative to help local nonprofits which are working toward a healthier Palm Beach County by meeting the basic needs of residents through food, clothing, shelter,

transportation and more.

“As a health funder, we provide assistance to organizations that support whole-health, and having basic needs met is essential,” said Eric Kelly, Quantum Foundation president. “These grassroots organizations are our link to making Palm Beach County a better place to live by meeting residents’ most basic needs. Our mission is for residents to experience a better life through quality health, and we believe these organizations are the cornerstone to success. This is our 20th year of grantmaking in Palm Beach County, and this is one of our favorite annual events.”

Strict criteria are set up for those nonprofits applying:
