## CQC

CQC is our nation's most innovative Direct Primary Care (DPC) system where patients achieve their personal health goals with realized cost savings and better quality of life!

Our membership offers unlimited office visits, more time with providers and the ability to text or call providers anytime. With several offices in South Florida, we provide high-level care coordination that leads to quality health outcomes and reduced re-admissions to hospitals.

Our DPC model is a healthcare cost, and care solution for everyone; including business owners, beneficiaries with high deductible plans and also the uninsured population.

At CQC patient care is our priority. For more information
