## Doctors and Clinicians Preview Period Is Coming

November 15, 2022 – The Doctors and Clinicians Preview Period will officially open on **November 21, 2022**. You can preview your 2021 Quality Payment Program (QPP) performance information before it will appear on clinician and group profile pages on [Medicare Care Compare](#) and in the [Provider Data Catalog \(PDC\)](#). You will be able to access the secured Preview through the [QPP website](#).

When the Preview Period opens, resources will be available on the [Care Compare: Doctors and Clinicians Initiative page](#) about the 2021 QPP performance information available for preview as

well as the 2020 clinician utilization data that will be added to the PDC.

Please note that Accountable Care Organization (ACO)-level data isn't available for viewing via the QPP site during the Preview Period. MIPS eligible clinicians who participate in Medicare Shared Savings Program ACOs can preview their performance information in their 2021 MIPS Performance Feedback.

Shared Savings Program ACOs can also review quality performance information in their previously provided 2021 Quality Performance Reports. The list of ACO performance information planned for public reporting will be available on the [Care Compare: Doctors and Clinicians Initiative page](#).

The Preview Period will close on December 20, 2022, at 8 p.m. ET (5 p.m. PT).

Please note the 2021 QPP performance information is planned for public reporting in 2023 and will be added to Care Compare and/or the PDC after all targeted reviews are completed. If you have an open targeted review request, you'll still be able to preview your 2021 QPP performance information during the Doctors and Clinicians Preview Period.

If you have any questions about public reporting for doctors and clinicians on Care Compare, contact the QPP Service Center at 1-866-288-8292 (Monday-Friday 8 a.m. – 8 p.m. ET) or by e-mail at [QPP@cms.hhs.gov](mailto:QPP@cms.hhs.gov). To receive assistance more quickly, consider calling during non-peak hours (before 10 a.m. and after 2 p.m. ET). Customers who are hard of hearing can dial 711 to be connected to a TRS Communications Assistant.

South Florida Hospital News and Healthcare Report's number one goal is top quality healthcare journalism written and edited for the region's most successful, powerful healthcare business executives and professionals.
